The Commissioner's memo No: 435 dated 1st Instant, forwarding Copy of the Chief Commissioner's No: 1798/M.142 dated 24th ultimo calling for certain explanation with reference to the Dy: Commrs notification of Sanction from Relief Fund for repairing the Neelkote Tank in Kolar.

Adverting to the above has the honor to state that the whole of the work provided in the estimate sanctioned out of the Municipal funds was carried out. But as it was necessary to provide labor to the destitute poor relieved from the Kolar Kitchen and as it appeared that the bund of the useful tank may be advantageously improved, 500 [illegible]

were sanctioned out of the Relief Fund
for the purpose -

The sum of Rs. 500 provided
in the current Years Budget of Kolar
Municipality under "Repairs" could not
be appropriated for this work as it is
required for the repairs of roads &c and
the undersigned thinks that the cash
balance of the credit of the Municipality must be reserved for the pay of
the Town Police &c as the whole of the
estimated receipts may not be collected
during the distress

The enclosures of the reference
under reply are herewith returned.

No. 478

Sir, -No. 420 of the 24[th] July 1877. -

I has the honor to explain that the estimate for item No. 4 having had to be revised by the Ex. Engineer Mysore Division, could not be sanctioned until the 31[st] of March 1877, and the submission of the Notification was delayed pending sanction to the application for reappropriation. The Notification is however now submitted

2. The reasons for the excess of Rs 385 on item No. 5 have already been given in this Office docket No 186 dated 4[th] June last, which the revised estimate was submitted.

Sir,

I have the honor to return the plans and estimate for the Vilkote Tank project as requested in your no 688/1055 of 30th December 1875 and to inform that the Executive Engineer has examined and approved of them.

2. As however from your letter of the 21 instant you consider that the tank has already sufficient means of supply, the Executive Engineer would only recommend that the present estimate be sanctioned to the amount of Rs. 2528, that is exclusive of the channel works which should be deferred.

3. The Executive Engineer also recommends that the work be carried out as provided in the estimate according to his direction to the District Surveyor, and is not in favor of rebuilding the whole of the stone revetment at present but would wish the method of pinning the base of the revetment to have one seasons trial before going to the expense of rebuilding it.
